## ACKNOWLEDGMENTS

Information International SAL was commissioned by the Council for Development and Reconstruction (CDR) to prepare a Stakeholder Analysis and Social Assessment for the Proposed Cultural Heritage and Tourism Development Project in Lebanon. The project's initiation, field visits and surveys were conducted in a first stage during the months of July, August and September 2000. Further research and restructuring of the original report extended from December through April 2001.

We would like to thank the following individuals for their contributions in the first phase of the study:

- ▶ Dr. Helen Sader, Archaeologist
- ▶ Mr. Robert Saliba, Urban Planner
- ▶ Mr. Sami al-Masri, Archeologist
- ▶ Mr. Neemat Sfeir, Architect
- ▶ Dr. Hassan Hammoud, Sociologist

Dr. Sader prepared the initial national stakeholders analysis, Mr. Saliba covered Trablous (Tripoli) and Sour (Tyre), Mr. Al-Masri covered Baalbek and Saida (Sidon), Mr. Sfeir covered Jbeil (Byblos) and Dr. Hammoud prepared the initial socio-economic profile and local stakeholders analysis.

In the second phase, the consulting team consisted of:

- ▶ Dr. Maha Yahya, Urban Planner, Community Development
- ▶ Dr. Charbel Nahas, Economist, Urban Planner

Dr. Yahya was tasked with coordinating the second phase, which included restructuring the original report, researching and writing the final version in collaboration with Dr. Nahas. Dr. Yahya has also contributed several photographs of various sites. We extend our sincere appreciation for their invaluable dedication.

We are grateful to the diligent staff at Information International, especially the individuals who contributed to the data-collection process, conducted interviews, prepared the draft documents of interviews' results, offered logistical support and provided the graphic design expertise to complete the work, namely:

- ▶ Ayman Imad, Field Research Supervisor
- ▶ Alicia Jammal, Senior Analyst
- ▶ Tarek Kibrit, Research Assistant
- ▶ Mohammed Shamseddine, Director, Policy Research
- ▶ Jocelyn Slim, IT Specialist

This work could not have been possible without the cooperation of the following organizations and individuals:

*Names of all that are included in Appendix A.(1 1/2 pages)*

Finally, to the World Bank and the CDR's staff, our thanks and gratitude.
